

## *Salt, Sand and Fertilizer Spreader*

The Salt, Sand and Fertilizer Spreader is an essential part of your attachments arsenal. The large hopper capacity and material release controls work together for increased efficiency on the job. Quality materials and workmanship prevent unwanted downtime as you work to make sidewalks, parking lots and roads safer during icy winter months, or fertilize during the spring and summer months. Use the flow control valve setting to spread over distances varying from 4' up to 35'.

*Three adjustable material doors. Shown with optional adjustable sidewalk kit.*

*Adjustable flow control.*

### **FEATURES**

- Scoop design for easy loading from the cab
- Large steel hopper for best efficiency
- Hydraulic spinner with variable speed flow control
- Hopper grate keeps out unwanted material
- Removable/adjustable sidewalk kit for controlled placement of material
- Polyurethane spinner for rust-free and quiet performance

*"A Legacy of Excellence Since 1948"*
